Thanks, Ashley! As I'm just returning from leave myself, I would still welcome the chance to reconnect and touch base on this topic specifically if you have the time.

Hi Dori! I was actually one of the two people who emailed Tim directly. :)

I'm actually already talking to Helen next Monday & I'm talking to Tony in ER today. ER is helping me request a fully remote role.

We can wait or skip if you'd like — but if you want to talk to today, happy to.

Hi Ashley,

I'm reaching out to follow up on an email sent to Tim and Deirdre about our hybrid return to work pilot which I understand you signed. As your People Business Partner, I wanted to connect directly to better understand your individual situation and any questions you may have.

I look forward to connecting soon and just wanted to send this context for the iCal in advance.

Thank you,
Dori
